THE WEST END ASSOCIATION.

The meeting of the Association on the evening of February 1st, 1909, will be held exactly twenty-five years from the night on which the Citizens' West Side Improvement Association organized at the office of Mr. Andrew Powell, in West 72nd Street—barely a stone's throw from the present quarters, at Hotel St. Andrew. The charter members numbered about a score. In February, 1889, when it incorporated as The West End Association, the membership had increased to about 140; to-day it is within ten of 500.

The objects of the organization are the improvement of that part of New York City lying between 59th and Manhattan Streets west of Eighth Avenue, and the bringing together of the residents of that district for their better acquaintance and for their general and mutual benefit. Any resident or property holder of the district, of full age, is eligible to membership.

Bearing strictly in mind the last provision of that section of its Constitution setting forth its object: "It is distinctly understood, however, that this corporation shall not be in any sense a political organization," this Association has, from the time of its formation, interested itself in and taken action upon almost every question, great or small, related to the material interests of the West End.

The condition of the streets, their pavements and sidewalks, the enforcement of the ordinances regulating traffic therein, the providing of adequate facilities for rapid transit, the establishment and maintenance of good public schools in buildings architecturally suited to their surroundings, the establishment and maintenance of proper postal facilities, the securing of better

equipment and service by the elevated, the surface and the underground railroads, the improvement of public parks and squares; all have been the subject of constant effort on the part of the Association, through correspondence, the work of its committees attending before the city authorities or at Albany before the Legislature, and a great deal of work by individual members at all times.

A list of the matters connected with West End improvement in which the Association has borne its part would include every matter of importance to the district that has been dealt with during its existence.

The Riverside Park improvement, removal of 79th Street dump, defeat of the New York and New Jersey bridge approach, and removal of the unused tracks in Amsterdam Avenue are prominent among those dealt with.

PROPERTY OWNERS SHOULD JOIN THE ASSOCIATION.

The Association seeks, and feels that it deserves, the active support of all residents and property-owners within its district. The beneficial results of its work are not limited to the interests of its members; it freely contributes its time, money and labor to promoting the interests of the West End, and ought to have on its roll the name of every resident and property-owner of that section who is interested in its welfare.
